

# The Indian Health Service - Overview

#### Today's talk will focus on:

- The VA-IHS MOU
- An overview of the Indian Health Service
- An overview of the Nashville Area
- Some of the quality assurance and quality improvement programs of the IHS
- Some VA collaborations within the Nashville Area
- Establishments POC Champions of Collaboration

# VA/IHS Memorandum of Understanding

- Goal is to improve the health status of American Indian and Alaska Native veterans
- Signed in November 2010
- Provides for coordination, collaboration, and resource-sharing between IHS and VA
- Established an implementation task force and requires tribal consultation
- Twelve work groups created to identify areas for improvement and implement change

### **MOU Accomplishments**

- IHS is helping in the development of a common electronic health record user interface between the VA and Department of Defense.
- IHS is working to improve telemedicine services for veterans and is developing a post traumatic stress disorder broadcast program specific to American Indian and Alaska Native veterans.

### **MOU Accomplishments**

 Started pilot pharmacy program between VA Consolidated Mail Outpatient Pharmacy and Phoenix IHS

 Increased Native Americans served through the VA Home Based Primary Care program. There are many sites around the country actively participating in this program, including 3 in the Nashville Area.

## **Mealth & Human Services**

Office of the Inspector General

Food & Drug Administration Agency for Healthcare Research & Quality

Administration on Aging

National Institutes of Health Centers for Medicare & Medicaid

Indian Health Service Centers for Disease Control & Prevention

Administration for Children & Families Agency for Toxic Substances & Disease Registry Health Resources & Services
Administration

Substance Abuse & Mental Health Services Administration

### Who we are...

 Our Mission... In partnership with American Indian and Alaska Native people, is to raise their physical, mental, social, and spiritual health to the highest level.

## **Agency Priorities**

- Dr. Yvette Roubideaux, Director of the IHS:
- Renew and strengthen our partnership with Tribes
- Bring reform to IHS
- Improve the quality of and access to care
- Ensure that our work is transparent, accountable, fair, and inclusive

## IHS Initiatives to Improve Quality of and Access to Care

- Special Diabetes Program for Indians
  - ✓ <a href="http://www.ihs.gov/MedicalPrograms/Diabetes/index">http://www.ihs.gov/MedicalPrograms/Diabetes/index</a>
    <a href="http://www.ihs.gov/MedicalPrograms/Diabetes/">http://www.ihs.gov/MedicalPrograms/Diabetes/<a href="http://www.ihs.gov/medicalPrograms/">http://www.ihs.gov/medicalPrograms/<a href="http://www.ihs.gov/medicalPrograms/">http://www
- Healthy Weight for Life Initiative
  - ✓ <a href="http://www.ihs.gov/healthyweight">http://www.ihs.gov/healthyweight</a>
- Million Hearts Campaign
- Partnership for Patients
- Let's Move in Indian Country
  - ✓ IHS Baby-Friendly Hospital Initiative

# Methamphetamine and Suicide Prevention Initiative Accomplishments

- During the first year of the MSPI:
  - 4,370 individuals were identified with a meth disorder.
  - 1,240 people entered a meth treatment program.
  - Over 4,000 people participated in suicide prevention activities.
  - 42,895 youth participated in prevention or intervention programs.
  - 647 people were trained in suicide crisis response.

## **Domestic Violence Prevention**Initiative Accomplishments

- In 2011, the DVPI:
  - Created over 220 project-affiliated FTE positions.
  - Developed 21 interdisciplinary Sexual Assault Response Teams.
  - Served over 2,100 victims of domestic violence and/or sexual assault.
  - Screened over 9,100 patients for domestic violence.
  - Made over 3,300 referrals for mostly domestic violence services.
  - Reached nearly 9,500 community members through community and educational events.
  - Provided 37 trainings events for approx. 442 participants on domestic violence, mandated reporting for abuse, child maltreatment, dating violence, and bullying.

# Resource & Patient Management System

- RPMS is an integrated public health information system in use at IHS facilities since 1984.
- In use at approximately 400 facilities nationwide, including all federal IHS facilities and most tribal programs.

## RPMS Electronic Health Record

- Patient care interface for clinicians, nurses, and pharmacists
- Based on VA's CPRS but more flexible and customizable to user preferences and workflow
- Information retrieval, order entry, encounter documentation, notes, and more
- RPMS EHR released in 2005 and is now in use at over 300 facilities nationwide (including Alaska village clinics)

#### **IHS and GPRA**

- IHS fully implemented GPRA in 1997 for the FY 1999 budget submission.
- In June 2002 the IHS released GPRA+ nationally to run on demand reports at the local level for clinical GPRA measure results.
- Updated GPRA+ software was used in FY 2003 and 2004.
- IHS created the Clinical Reporting System, a module within the Resource and Patient Management System, for use in the fiscal year 2005 budget cycle.

## IPC: Transforming Health Care

- The aim of the Improving Patient Care program is to change and improve the Indian health system.
- IPC is developing high performing and innovative health care teams to improve the quality of and access to care.
- The results will be a medical home that sets new standards for health care delivery and further advances the health and wellness of the American Indian and Alaska Native people.

## IPC Indian Health Medical Home

#### Access and Continuity

Every patient has a relationship with a provider and care team, and has consistent and reliable access to that provider and care team.

#### Community Focus

Renew and strengthen partnerships with Tribal and community-based health services.

#### Quality and Transparency

Everyone in the system has the skills and tools for making improvement, and uses measurement and data to build a better system of care.

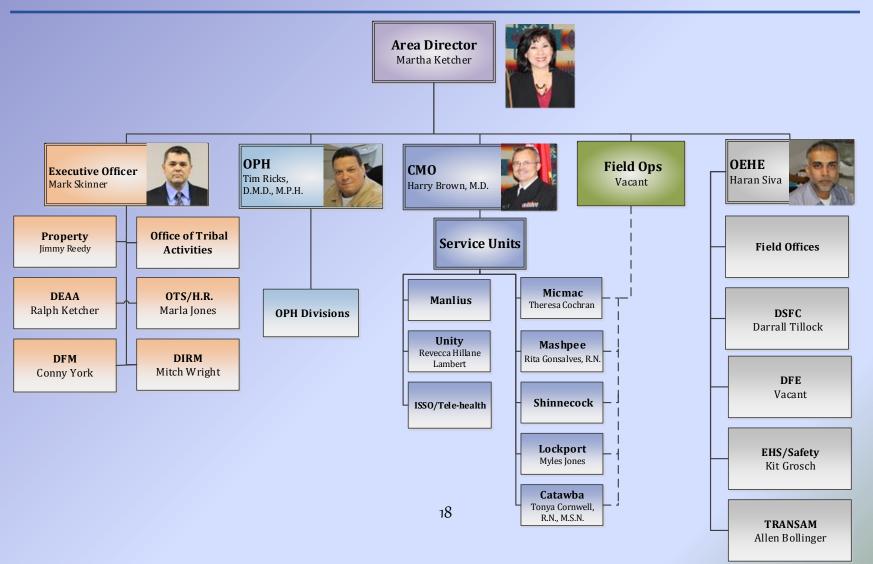

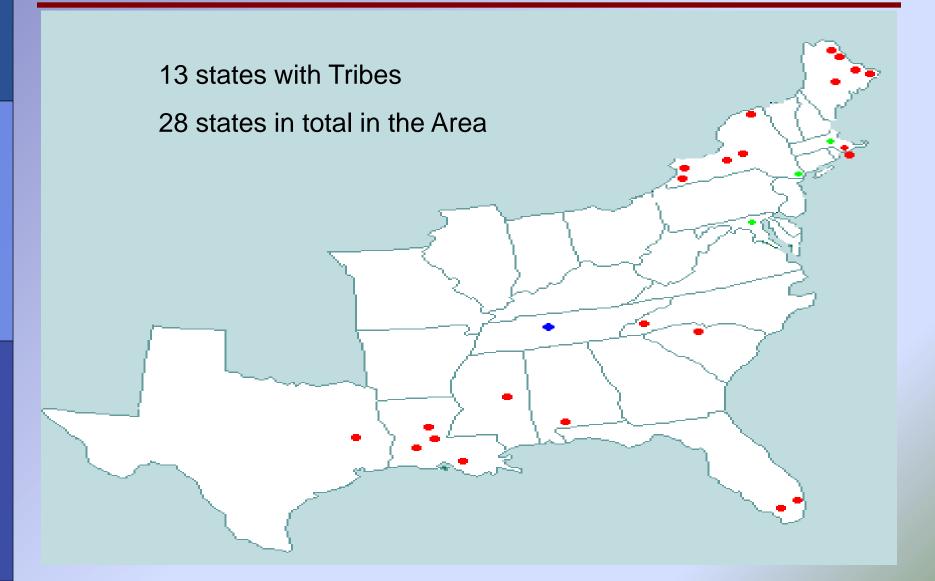

#### Organizational Structure, NAO

# We're the largest Area geographically

# The Nashville Area of the IHS

- Covers 28 States in the Eastern US
- There are 14 States with IHS facilities
- 29 federally-recognized Tribes exist within the Nashville Area
- There are 3 Urban IHS programs in the Nashville Area

## Meet those we serve

#### **Maine Tribes**

- Aroostook Band of Micmac
- Penobscot
- Houlton Band of Maliseet
- Passamaquoddy Indian Township
- Passamaquoddy Pleasant Point

Type: Admin, Clinic, etc / Title I Space: 23,035 sf

Constructed: 1981 (Tribal) Annual OPV: 9,307

## **Micmac Staff**

## Southern New England

- Mashpee Wampanoag
- Aquinnah Wampanoag
- Narragansett
- Mashantucket Pequot
- Mohegan

## **Mashpee Wampanoag**

Type: Admin & Clinic/ Federal Space: 5,292 sf

Constructed: 2011 (Federal)

### **New York Tribes**

- St Regis Mohawk
- Oneida
- Onondaga
- Tuscarora
- Cayuga
- Tonawanda Band of Seneca
- Seneca Nation
- Shinnecock

#### **Seneca Nation**

Type: 2 Clinics, etc / Title I

Constructed: 1993 (Tribal)

Space: 88,027 sf

Annual OPV: 49,707

- Mississippi Band of Choctaw

## **Cherokee Indian Hospital**

Type: Hospital/Title V

Constructed: 1981 (Federal)

Space: 84,000 sf

Annual OPV: 107,128

Annual IPV: 2,996

### **Choctaw Health Center**

Type: Hospital/Title V

Constructed: 1976 (Federal)

Space: 58,000 sf

Annual OPV: 96,377

## Catawba Staff

# Louisiana and Texas Tribes

- Tunica-Biloxi Tribe
- Jena Band of Choctaw
- Chitimacha
- Coushatta
- Alabama-Coushatta Tribe of Texas

### Chitimacha

Type: Clinic/Title V

Constructed: 1998 (Tribal)

Space: 6,803 sf

Annual OPV: 6,482

## 3 Urban Programs

- Baltimore (Native American Lifelines)
- New York (American Indian Community House)
- Boston (Native American Lifelines)

# Unity Healing Center Cherokee, NC

Type: Reg Youth Treatment/ Fed Space: 15,726 sf

Constructed: 1989 (Federal) Annual IPDs: 1439

## IPC: Transforming Health Care

- The aim of the Improving Patient Care program is to change and improve the Indian health system.
- IPC is developing high performing and innovative health care teams to improve the quality of and access to care.
- The results will be a medical home that sets new standards for health care delivery and further advances the health and wellness of the American Indian and Alaska Native people.

## IPC - Nashville Area

- IPC 1 (2005 2007): 1 pilot site
- IPC 2 (2008 2010): 3 participants
- IPC 3 (2011 2012): 7 participants
- IPC 4 (2012 2013): 2 participants

#### **IHS and GPRA**

- IHS fully implemented GPRA in 1997 for the FY 1999 budget submission.
- In June 2002 the IHS released GPRA+ nationally to run on demand reports at the local level for clinical GPRA measure results.
- Updated GPRA+ software was used in FY 2003 and 2004.
- IHS created the Clinical Reporting System, a module within the Resource and Patient Management System, for use in the fiscal year 2005 budget cycle.

## **GPRA – Nashville Area**

- The IHS has 21 clinical GPRA indicators covering diabetes, immunizations, behavioral health, cancer prevention, and cardiovascular disease
- In 2010, 5 IHS sites met all 21 GPRA indicators;
   3 of these were in the Nashville Area
- In 2011, 9 IHS sites met all 21 GPRA indicators;
   4 were in the Nashville Area
- In 2012, 14 IHS sites met all 21; 4 were in Nashville

# Nashville Area VA Collaborations

- Nashville Area tribal communities and healthcare facilities fall within numerous VISNs (1, 2, 3, 5, 6, 7, 8 and 16)
- The geography of the Nashville Area makes central collaboration a bit challenging
- Many VA facilities have collaborative efforts within the Nashville Area

# Nashville Area VA Collaborations

- Eastern Band of Cherokee Indians with the Asheville VAMC in Western NC
- St Regis Mohawk Tribe with the Stratton VAMC in Albany, NY
- Mississippi Band of Choctaw with the GV Montgomery VAMC in Jackson, MS
- Mashpee Wampanoag Tribe with the Providence VAMC (Rhode Island)

## Summary

- In summary we are working closely with our counterparts at the VA to improve health care services to our veterans.
- We have numerous national programs designed to improve the quality of and access to care for our patients.
- These include community based programs, such as the Special Diabetes Program for Indians, and information technology infrastructure improvements such as electronic health records.
- Our IPC initiative is helping transform and improve health care delivery in Indian Country.
- Thank you for your attention. I would be happy to answer any questions you might have at this time.

#### Thank You!
